NEWS RELEASE

STINA APPOINTS ANTHONY D. HAMMOND TO BOARD OF DIRECTORS

Stina Resources Ltd. (CSE: SQA) (the “Company”) is pleased to announce the appointment of Anthony D. Hammond to its Board of Directors. Tony is a mining engineer with 30-year experience in mining operations in North and Latin America. His expertise is in mining operations, mineral resource calculation, project management and economic analysis. He is regarded as an expert on vanadium and cobalt mineral deposits and has written a number of publications on vanadium mineral exploration, market and demand for this metal. He is a Registered Member of the Society of Mining Engineers, and is a Qualified Person under the NI 43-101 norm and a Professional Engineer. The Company is very fortunate and pleased to welcome him to the board.

Anthony replaces Mr. Russ Corrigan, who served as board member for the past several years. The Company thanks Russ for his outstanding service to Stina. His contribution and expertise was invaluable to the Company’s development. Stina wishes Russ the very best in his future endeavors.

On behalf of the Board of Directors,

“Jim Wall”
CEO/ Director
