NEWS RELEASE

Stina Looking at New Opportunities to Increase Shareholder Value

Stina Resources (“the Company”) announces that it is now looking at other business ventures, including outside of the mineral exploration industry. Stina seeks an opportunity that possesses the ability to generate revenue and increase shareholder value on a step-in basis, without significant affect to favorable share structure. Stina believes that this step is an important one to diversify itself and become sustainable and expandable in the future. While the Company looks in new business directions, it will continue to maintain and evaluate its Bisoni McKay vanadium property, particularly in light of the recent increase in indicated resource estimates on the property.

On behalf of the Board of Directors,

James Corrigan
President/ Director
